That is what I had for your address, just checking. We had a blast with your uncles as well. We were wqanting Bobby, Carl and John's addresses. I guess we also need there wifes names, even though we did not meet them at the wedding. I don't know what we will do when your parents leave houston. I guess we will have to make more frequent trips to Denver. Since I have a small family and Ashley is so far from her family, it is nice to have special friends that you consider family. Plus, you know how special you have always been and will be to me.

Sounds like work is going great, glad to hear it. Sad to hear you are working my kind of hours now. Work is the same for me, learning a lot, but counting the days till my rotation to a new group.

Talk to you soon. PL

Get ready. Beginning in November, electronic pay stubs will be available to all employees who have their paychecks direct deposited into their bank account. Electronic pay stubs are an easy, fast, and efficient way for you to get your payroll information. They will also help Enron to realize a considerable savings in time and dollars spent over traditional printed pay stubs.

If you prefer to receive a hardcopy of your pay stub, click on the link below to complete a request form. This form must be submitted to Payroll by October 15, 2001. Unless you submit a form your pay stub information will default to electronic viewing.

Please click on the link below.

Please let me know if a representative from the Risk Management group will be able to meet with the development team today from 10 to 11am in ECS 05055. Below is a description of the meeting contained in the invite.

Invite Note: We are beginning the development stage of our Consolidated Gas System - Reporting project and we need to get more detailed information about the location of data that is being pulled in WeaponX presently. The majority of the reports we have been able to locate in ERMS but there are a couple where the data has not been found. We need to map the present location of the data to ensure all information will be in the new system. We would also like to go through a calc (step-by-step) to ensure all necessary pieces will be included in the new system.

We are requesting one representative from Risk Management be present to answer a few questions. A data architect and a developer will be present to ask necessary questions to get off to a good start. Please let me know who will be available from the Risk side.

Thank you.

Alejandra gave me a 5 min. crashcourse through the four calc sheets she updates at the end of the month. I know that Kam knows about them so I'll just check with her but Alejandra also recommended splitting up these four sheets among everyone else to lighten the load...just a thought for next month. Also, after training Michelle on Gd-Central and Gulf I definitely feel (hopefully not a false sense) ahead of the curve about the things i've learned...a compliment to your work also.

File	love-p/_sent_mail/453.

Dawn, thanks for putting this information in the paper. Hopefully a student from Haleyville that goes to Auburn in the future can apply for the scholarship.

A scholarship in memory of Dr. W.H. Burgess has been set up at the school of Veterinary Medicine at Auburn University. The scholarship has been ear marked for students that are in need of financial assistance and have an interest in the area of large animal practice, an area in which Dr. Burgess dedicated much of his professional life in Haleyville, Alabama where he practiced for 35 years.

If you would like to make contributions to the scholarship in his name, you can do so as follows: Auburn University Foundation c/o Sam Hendrix 317 South College Street Auburn University, AL 36849

Please make checks payable to the Auburn University Foundation Any contributions are fully tax deductible Any questions, please contact Dr. Burgess' grandson Phillip Love 281-486-7026

Please feel free to modify this in any way. Thanks for your assistance. PL

I thought I sent this but it has been in draft mode...sorry.

I have started the Business Requirements document and stumbled across more questions from meetings with the project team.

I am going to need to know the purpose of each report (why are they used). For each report how are the fields/columns utilized.

I know the second question could take some time. The types of questions I would need to document are what type of information is being given to generate the reports; what fields/columns are mandatory?; are there any calculations that are used to generate columns or are all of them pulled in from other systems.

If you have viewed your benefit elections on eHROnline, then you may of noticed the missing coverage amount for Child Life Insurance. For Child Life Insurance, you will be able to see the coverage cost of \$.42 per pay period. However, the amount of coverage will reflect \$0.00.

During conversion to SAP, we discovered that there was no dependent child record created, we need immediate action from you

Please respond to this email by Thursday, June 29 by 3:00 p.m. with your child's name, date of birth and social security number. Once we have entered all dependent data in SAP your amount of coverage will reflect \$10,000 per child in eHROnline.

Phil,

I have been really busy the last couple of weeks. Well, come to think of it I have been really busy ever since I started this job. Yesterday, I was in Town and Country at 7:30 a.m. then straight to Edna, Texas by 11:00 a.m then straight to the Woodlands by 2:30 p.m. and got back to the house last night about 8:30 p.m. That has been a pretty typical day when in Houston, and this morning I was up at 4:00 a.m. to catch the first flight into Austin. Thankfully, the hard work and long hours are paying off. I have closed 3 or 4 deals now on my own and am further along then they expected me to be at this point, so I will be in Houston on a more full-time basis in the next couple of weeks. I will be in Houston on my own all next week (July 4th week). By the end of July I should only be in Austin on Monday's, as a day trip, and then in Houston the rest of the week. I have not yet purchased my airline tickets for the fishing trip, but I will look to do it this weekend.

Good to hear you are doing well at work.

If you need to get in touch with me, here are all my numbers.

Houston office 713-968-9222 Austin office 512-329-0050 or 800-664-4888 mobile # 281-723-3991 e-mail address bwachsler@cm-ic.com or bwax@ghg.net

Talk to you soon,

Brian

Haven't talked to you in a while. I don't have any of your numbers and I never know when you are in town. How are things going? Still loving that JOB? Have you got your tickets for fly fishing yet? Better hurry, I can not wait for a little relaxation. Bid week is over today and I will have some more time luckily. Give me a shout. PL

From corporate benefits, the incorrect employment status information has now been corrected and the active employees should disregard the termination letters. They can verify that their status has been fixed on the Hewitt system by either calling and speaking with a representative (800-332-7979, option 3), or by logging into the Savings Plan system directly and clicking on the "Personal Data" option off the main Savings Plan home page.

Thank you.

Just to let you know, I have changed the following tickets from the desks you assigned in May to Central Transport.

Sitara # 91742 Consumers Energy This ticket shows it ends 6/30/01; Please verify and I will not create a new for July. This is an internal contract - I would go ahead and create it for another year. We use this like a pooling contract. The cost associated with this is a monthly fee that Consumers charges to use their pooling services. The desk that this should be associated with is IM-Mkt Central Mich. Sitara # 91743 MichCon This ticket shows it ended 4/30/01. It is ok that this ended. We no longer use this contract. Sitara # 134583 NGPL New Ticket eff July 1, 2001 876271 IM_CENTRAL GULF Storage deal has been extended through 4/30/2002 Sitara # 134586 NGPL New Ticket eff July 1, 2001 876369 IM-CENTRAL GULF Storage deal has been extended through 6/2/2002

If you have any questions, please call me. Also let me know if you need any assistance with setting up tickets.

Thanks,

Natalie

Thanks for the thoughts. Sorry it has taken me a few days, work has been really crazy. Sounds like you are doing a little more travelling huh? How do you like it? I will keep your cell number and try and give you a call to talk in real life. Looking forward to seeing you guys during easter. Hopefully we will not be heading to alabama for the weekend. Talk to you soon. Thanks again. PL

Hey Phillip-

I am really sorry to hear about your grandfather. It must have taken alot of courage to say the eulogy, and I am sure that your grandfather would have been proud. If you do want to talk about it in "real life" please call. I am on a plane to St. Paul for the next three days, but can be reached on my cell phone. That number is 303.669.2296. I am glad that I was able to give you some sort of peace, even if it was in a dream. I always hate to hear someone I care about is hurt, especially when I can't do anything about it.

Easter is only 2 1/2 months away.....

Sounds good to me. We just wanted to invite you guys anyway. We look forward to seeing you in April.

My grandfather actually passed away on Thursday afternoon and we had the funeral on Saturday. I had to give the eulogy and boy was it difficult. I bet a stood there for 1 minute without saying a word, unable to hold my emotions. I hope I never have to do that again. Thanks for your thoughts. I actually had a dream this morning about talking to you about it. Wild huh?

Talk to you soon. PL

Hey Phillip-

I talked with Jason...and I think we have to lean towards not this year. We (Jason, Drew, I) are coming home for Easter weekend (April 15) and staying for appx. 5 days. We can probably only do one....and have already promised Drew that we would take him to Houston (he's never been). If I were single, or w/o child I would be all over it!!

Hope everything turns out ok in Alabama....I'm thinking of you.

I am not sure if they have confirmed either deal. However, deal #1034254 was never pathed by us, whereas 1027152 was. Therefore, nothing billed out under 1034254.

Bonnie - I am including you on this note in case you can add anything about the pathing of the two deals mentioned in this note. Niether CMS orgaination shows anything on Trunkline that matches this. We spoke briefly about this last week.

Phillip - I am including you in case you can add any clarity or determine who we did this deal(s) with.

Thank you, Scott 5-7213

Tom,

In contacting our scheduler and subsequently a CMS scheduler, neither CMS Field Services nor CMS Marketing, Services, and Trading are able to identify the deal. Currently, I am preparing to fax a copy of our confirmation on the deal to CMS Field Services, Again, it is not an executed copy, but I am assuming they may not have sent it back. Furthermore, the CMS Field Services scheduler has told me that they don't even schedule any Trunkline deals.

Considering all of this, I am assuming the worst - that unless we can provide a trader name etc. they will short pay on this deal. So, do you know who represented us with CMS on this deal any one that might know who their trader is or how this deal was booked? We are getting ready to settle for Sep prod so any help asap would be appreciated.

They do not recognize that deal at all.

The most recent name and number is a Conoco trader. I have a confirmation on this deal with CMS. However, it is not an executed copy (i.e. sent back or confirmed by CMS). Is there some one who represented us with CMS on this that might know who their trader is or how this deal was booked? I will attempt to contact the scheduler in the mean time but any help would be good.

thanks.

I never talk to these people so the numbers I have are old. Do they not recognize this deal? It was scheduled so I assume the counterparty is correct. I have another number for Mike at 281-293-2203. It could be old also.

Tom,

The below number is for a Duke Energy trader. So, either this deal is booked wrong or this is not the correct trader name. Please advise.
