Hi Dutch,

Thank you for responding back to us and we completely understand that your schedule has been hectic. Laura and I will like to meet with you on Thursday, November 8th from 2:30-4:30pm, which will be an hour a piece for both of us.

Let me know if you have any questions or concerns!

Thanks, Monica L. Brown Accenture Houston - 2929 Allen Parkway Direct Dial: +1 713 837 1749 VPN & Octel: 83 / 71749 Fax: +1 713 257 7211 email: monica.l.brown@accenture.com

Monica,

Due to several projects that have arisen I have been out of pocket the past week and a half. My schedule would allow for us to meet later in week next week, lets go for Thursday Nov 8th.

Dutch My New Phone number 713-853-9216

Aluminum Smelter Plant Scenario

Sender	laura.a.de.la.torre@accenture.com
Recipients	['ann.s.chen@accenture.com', 'mery.l.brown@accenture.com', 'dutch.quigley@enron.com']
File	quigley-d/bmr/36.

I was wondering if you would have time this week to meet with us and go over this scenario. E-mail or call me (56686) to let me know if you will be available. Thanks!

Laura de la Torre Accenture Resources Houston, Texas Direct Dial 713.837.2133 Octel 83 / 72133

Laura A. de la Torre To: dutch.quigley@enron.com 11/08/2001 09:46 AM cc: Mery L. Brown/Internal/Accenture@Accenture, Ann S. Chen/Internal/Accenture@Accenture Subject: Aluminum Smelter Plant Scenario

Attached is a scenario that Phillip created and we were hoping to review with you at last week's and today's meeting. We are aware of how hectic things are right now at Enron, so we completely understand you having to cancel our meetings. However, if you could please review the attached scenario and return it to us with your comments as soon as possible, it would be greatly appreciated.

For your review:

1.Please fill in the positions associated with each risk bucket for natural and initial positions for gas and aluminum as well as the positions created by buying or selling each instrument 2.If aluminum has different risk buckets than natural gas, please add them along with the associated positions for natural, initial, and those created by the instruments 3.Is the wording of the instrument names correct and how do we denote that they are for aluminum rather than natural gas? 4.We (not Phillip)made up all of the numbers on the pricing screen and the settlement prices so please feel free to change

any/all numbers that are unrealistic or contradict the optimal hedge (the optimal hedge turns out to be a loss based on our numbers!) 5. In the scenario overview, we made up the locations Midwest and Permian---change if unrealistic and please add appropriate locations for the instruments on the pricing screen 6. The optimal hedge given by Phillip is listed on page 2; Based on the optimal hedge, please specify the payout and amount received for each instrument as well as the overall P&L 7. In the scenario overview, do you know if 20,000MMBtu creating 2,000 tons of aluminum is a realistic conversion? 8. Could you please explain WHY each instrument creates/covers a position for some risks and not others. 9. Please list any information that was not included and that the learner would need in order to hedge this scenario

In your return e-mail, if you could also please give us a definition for natural and initial position. Make your changes and answers directly onto the word document. When you get this, if you could please e-mail or call me (ext. 56686) with when we can expect to get this back from you and with any questions you might have. Thank you very much for helping us with this.

FW: Assistance for Former Employees

Sender	dutch.quigley@enron.com
Recipients	['kayquigs@yahoo.com']
File	quigley-d/sent_items/4.

-----Original Message-----

From: Enron General Announcements Sent: Thu 1/31/2002 5:14 PM To: DL-GA-all_domestic; DL-GA-all_NETCO Cc: Subject: Assistance for Former Employees

Many of you have friends who are no longer with the company, so we wanted to provide you an overview of continuing efforts to assist Enron's former employees.

CAREER SERVICES Last December Enron established a website to assist former employees identify jobs in Houston and throughout the United States. Only former Enron employees and potential employers can access the site, <<http://careerservices.enron.com/>>

On this site, former employees can: ? Post their resumes for approved employers to view ? View job postings ? Receive updates and information on career and community services available to them As of January 25, 2002: ? More than 1,300 companies had been approved to view resumes ? Company recruiters had logged on more than 3,500 times to search for candidates ? More than 600 jobs had been posted on the site

FINANCIAL ASSISTANCE The Greater Houston Community Foundation The Greater Houston Community Foundation (GHCF), in collaboration with the United Way of the Texas Gulf Coast, the Houston Area Urban League, Crisis Intervention of Houston, and Career and Recovery Resources, have established a fund to provide dedicated support for former Enron employees. GHCF offers former employees counseling services and helps them work with mortgage companies, landlords and utilities to defer monthly bills while they are out of work. If you are interested in making a tax-deductible donation to the GHCF, please call 713-268-6458 or mail donations to GHCF at 4550 Post Oak Place, Suite 317, Houston, TX 77027. Checks should be made payable to Greater Houston Community Foundation and designated for the Enron Employee Transition Fund. To receive assistance, former employees can call 713-533-4598, or outside Houston, 1-800-493-4598. Lines are open 24 hours a day, seven days a week.

Enron Ex-Employee Relief Fund Account A former employee has established the Enron Ex-Employee Relief Fund Account at the Humble Community Bank. Visit the website at <<<http://www.eerfa.com>>> for more information or to make a donation. Former employees can submit grant requests to eerfarequest@surfmk.com.

MDPC Transitional Assistance Program Memorial Drive Presbyterian Church has created a Transitional Assistance Program open to both members and non-members who need assistance re-entering the workforce. Right Management Consultants offers a series of two-day workshops for former employees on topics such as Career Assessment and Evaluation, Job Search Communication and Managing in a Time of Change. Requests for limited and discretionary short-term financial assistance will be accepted from those who have participated in this program. MDPC will offer a holistic approach to re-entering the workforce including family counseling and stress management. For more information, contact Memorial Drive Presbyterian Church at 713-953-2550, ext 180.

Sender	monica.l.brown@accenture.com
Recipients	['sheri.a.righi@accenture.com', 'dutch.quigley@enron.com']
File	quigley-d/bmr/28.

Hi Dutch,

I am preparing for the final signoff phase on the graphics and practice questions and I need your help finalizing the scenarios that we talked about two weeks ago for Futures and Options. You were going to provide us with a total of four scearios with answers to the following questions: (a.) Are you long or Short? (b.) What is your Risk? (c.) What is your break-even price? (d) Give the settlement price (e) What is the total P/L on the option. Did you get a chance to review that email that I sent you on 10/29/01.

Lastly, I would like for you to review the graphic ideas and practice exercise and let me know if you are okay with the questions that are being asked to the learner. Attached below are the two topics that you are responsible for in the Knowledge System. (See attached file: Futures Graphic ideas and practices_2.doc)(See attached file: Options Graphic ideas and practices_3.doc)

Let me know if you have any questions, I can be reached at 713-345-6687.

Team We are doing much better with interviews (See below). Thanks & keep up the good work. Please complete assignments on time. In addition, we need each SME as a minimum to allot 4 hours a week towards this project, which will significantly increase the potential for the end product to "Exceed the Mark & Expectations."

Quote for this week: "One should always bloom, where one is planted."

Have a great weekend and I hope to see all of you on the Oct 24th Boat Ride.

Thanks for your great efforts thus far.

Cheers Kirk ----- Forwarded by Kirk McDaniel/HOU/EES on 10/05/2001 03:04 PM -----

Possible Termination of Enron Swaps

Sender	b.marozas@pecorp.com
Recipients	['dutch.quigley@enron.com']
File	quigley-d/fin_desk/26.

Dutch,

Hopefully, you can help me.

PEC is currently short NYMEX NG LD Settlement Swaps with Enron North America. (See attached spreadsheet for volumes and prices).

PEC would like to terminate these swaps. The current Mark-to-Market of these swaps is approximately \$5.5 Million (in favor of PEC). PEC would like to negotiate the termination of these swaps and a payment plan.

Thanks for your help,

Brian Marozas Risk Manager Peoples Energy Corporation 130 E. Randolph Drive Chicago, IL. 60601 Work: (312) 240-4578 Cell: (312) 213-0580

2nd Final Signoff Notification: Futures & Options

Sender	monica.l.brown@accenture.com
Recipients	['sheri.a.righi@accenture.com', 'dutch.quigley@enron.com']
File	quigley-d/bmr/37.

Hi Dutch,

Per our conversation today, I am resending the questions and concerns that I have on the Futures and Options practice questions/graphic ideas. It is very important that we setup some time with you next week or the week after Thanksgiving. Let me know what your schedule looks like.

I need final signoffs on the Futures and Options practice exercises/graphics. The deadline for this was today. I need to know if you are okay with the graphic ideas and practice questions that you've seen so far for the Futures and Options.

Questions and Concerns: I know you have seen these questions several times, so I pointed out the areas that I need your help. (1.) I need help with question #4 in Options. I need help developing the graphic for this question. (2.) I need the answers to the scenario questions that you created and the explanation for the answers.

Attached below are the two topics that you are responsible for in the Knowledge System. (See attached file: Futures Graphic ideas and practices_2.doc)(See attached file: Options Graphic ideas and practices_3.doc)

Thanks, Monica L. Brown Accenture Houston - 2929 Allen Parkway Direct Dial: +1 713 837 1749 VPN & Octel: 83 / 71749

Final Signoff: Futures & Options

Sender	monica.l.brown@accenture.com
Recipients	['sheri.a.righi@accenture.com', 'dutch.quigley@enron.com']
File	quigley-d/bmr/35.

Hi Dutch,

Thank you for emailing me this morning, to let us know that you would be available to meet with us today. It is very important that we setup some time with you next week. Let me know what your schedule looks like.

I am preparing for the final signoff on all of the topics this week and next. The Due Date is 11/15. I need to know if you are okay with the graphic ideas and practice questions that you've seen so far for the Futures and Options.

Lastly, I incorporated the practice questions into both the Futures and Options that you sent me last week. You stated that there will be more to come, if so email those questions and I can add them as well.

Questions and Concerns: I know you have seen these questions several times, so I pointed out the areas that I need your help. (1.) I need help with question #4 in Options. I need to help developing the graphic for this question. (2.) I need the answers to the scenario questions that you created and the explanation for the answers.

Attached below are the two topics that you are responsible for in the Knowledge System. (See attached file: Futures Graphic ideas and practices_2.doc)(See attached file: Options Graphic ideas and practices_3.doc)

Let me know if you have any question, I can be reached at x5-6687.

Thanks, Monica L. Brown Accenture Houston - 2929 Allen Parkway Direct Dial: +1 713 837 1749 VPN & Octel: 83 / 71749 Fax: +1 713 257 7211 email: monica.l.brown@accenture.com

Aluminum Smelter Plant Scenario

Sender	laura.a.de.la.torre@accenture.com
Recipients	['ann.s.chen@accenture.com', 'mery.l.brown@accenture.com', 'dutch.quigley@enron.com']
File	quigley-d/bmr/34.

Attached is a scenario that Phillip created and we were hoping to review with you at last week's and today's meeting. We are aware of how hectic things are right now at Enron, so we completely understand you having to cancel our meetings. However, if you could please review the attached scenario and return it to us with your comments as soon as possible, it would be greatly appreciated.

For your review:

1. Please fill in the positions associated with each risk bucket for natural and initial positions for gas and aluminum as well as the positions created by buying or selling each instrument 2. If aluminum has different risk buckets than natural gas, please add them along with the associated positions for natural, initial, and those created by the instruments 3. Is the wording of the instrument names correct and how do we denote that they are for aluminum rather than natural gas? 4. We (not Phillip) made up all of the numbers on the pricing screen and the settlement prices so please feel free to change any/all numbers that are unrealistic or contradict the optimal hedge (the optimal hedge turns out to be a loss based on our numbers!) 5. In the scenario overview, we made up the locations Midwest and Permian---change if unrealistic and please add appropriate locations for the instruments on the pricing screen 6. The optimal hedge given by Phillip is listed on page 2; Based on the optimal hedge, please specify the payout and amount received for each instrument as well as the overall P&L 7. In the scenario overview, do you know if 20,000MMBtu creating 2,000 tons of aluminum is a realistic conversion? 8. Could you please explain WHY each instrument creates/covers a position for some risks and not others. 9. Please list any information that was not included and that the learner would need in order to hedge this scenario

In your return e-mail, if you could also please give us a definition for natural and initial position. Make your changes and answers directly onto the word document. When you get this, if you could please e-mail or call me (ext. 56686) with when we can expect to get this back from you and with any questions you might have. Thank you very much for helping us with this.

Dutch It was great meeting you last Tuesday. I really enjoyed working on the NYMEX Desk at TXU this summer and it was good to talk to you about trading and the natural gas market. It looks like the bottom fell out of the market on Wednesday after the AGA number. Our model was calling for an 82 so I think we were closer than most but not close enough. Its a tough number to pin down as their adjustment to the 3 testifies. Do you think there is a lot more downside in this market or do we need to wait til after hurricane season for another large sudden move downward?

Thanks for taking the time to speak with me and I look forward to speaking with you again soon. Regards Dan

Broker Quotes - PLEASE READ

Sender	credit <.williams@enron.com>
Recipients	['john.arnold@enron.com', 'dutch.quigley@enron.com']
File	quigley-d/inbox/64.

John and Dutch -

This email is sent to discuss what is needed with respect to NYMEX quotes from the broker market. Simply put, we need quotes on every forward term for which we currently have positions. It seems that the best way to obtain relevant information would be to ask for the following:

1. Annual quotes (a quote for 2003, a quote for 2004, etc.)
2. Seasonal quotes (winter '03, summer '04, etc.)

In short, try to obtain pricing to match any positions which we currently have in the books. I know that this will be difficult to accomplish, but please do what you can. We need these quotes for every day starting with Nov 28 through today. We will continue to need daily updates for the immediate future.

Also, I am aware that our current position doesn't give us much stroke to ask for a lot of pricing data. However, this information is critical as it will be needed for calculation of termination values. Please do whatever you can to obtain as much data as possible. Additionally, we need to get quotes from as many different brokers as possible to help verify pricing.

Please let me know if the brokers are not accomodating your requests; we may need to ask John or Louise to place calls into the brokers to move this process along.

If you have any questions or comments, you can normally find me in the "war room" next to Louise's office. If I'm not there, please call me at (713) 927-3003 or at ext 53923.

Thanks,

Jay

-----Original Message-----

From: Calger, Christopher F. Sent: Monday, December 3, 2001 5:43 PM To: St. Clair, Carol Cc: Sacks, Edward; Arnold, John Subject: RE: Terminating Trades

Ed Sacks has the list. With respect to CSFB, it sounds like we have a dispute. Trades, my understanding, can get "done" verbally and then confirmed. It sounds like we should pull the tapes. We should also think of whether the deal agreed to Friday is currently in or out of the money.

Ed, could you look into this? -----Original Message----- From: St. Clair, Carol Sent: Monday, December 03, 2001 2:55 PM To: Calger, Christopher F. Cc: Rohauer, Tanya Subject: Terminating Trades

Chris: We need to come up with a list of trades that we terminated last Friday so that we can take them out of our books. Do you have that list? Also, I spoke with "Dutch" this morning because CSFB left me a message yesterday after we filed claiming that the Friday trade was not effective. I disagree even though a confirm has not been signed. How do you want to handle this?

Hello Dutch,

We have sent to you this evening a copy of our confirmation for the Nymex natural gas transaction. We have amended the original transaction confirmation dated 21-Nov-00 to include this new transaction (we are only authorized to amend the existing transaction, not enter into a new one). Attached is a blacklined version of the new confirmation so that you may see the additions made to the final sent by fax. We appreciate your review and return of a signed confirmation tomorrow so that we may consider this deal closed.

Our contact numbers are as follows should you have any questions:

Greg McElwee H (201) 653-4348 M (201) 637-6283

Guillaume Malle H (212) 996-5177 M (212) 680-5715

Please fax the signed confirmation to the following numbers:

(212) 743-4639 (917) 326-7899

Again, thank you for your patience and understanding in this matter.

Best Regards, Greg McElwee

Guys, it has been a pleasure to be a part of this group and work with some of the smartest people at Enron. I enjoyed and appreciated the opportunity to work with all of you. I have learned a great deal and I hope that will give me a good foundation for the future. Good luck to all of you and Happy Holidays

Hey Bro,

My wife worked here also and has been let go. I work for the Natural Gas Trading group that they are trying to sell. Should know by the end of the week about my job. I was just talking to Kevin Crawford about you 2 weeks ago when we were in Vegas. Good to know that you are still out there. How are you doing these days ?

Dutch

exchangeinfo@nymex.com 05/04/2001 02:30 PM To: tana.jones@enron.com cc: Subject: (01-150) Amendments to NYMEX End of Week Post-Close Trading Session Rule

Notice # 01-150 May 4, 2001

TO: All NYMEX Members and Member Firms

FROM: Neal L. Wolkoff, Executive Vice President

RE: Amendments to NYMEX End of Week Post-Close Trading Session Rule

DATE: May 4, 2001

Please be advised that beginning on Friday, May 11, 2001, a number of changes to the NYMEX End of Week post-close trading session rule that were recently approved by the Board will become effective.

Specifically, beginning on Friday, May 11, 2001 and continuing for subsequent Friday post-close sessions (and post-close sessions the day before a mid-week Exchange holiday) the following changes will be in effect:

(1) Contract months eligible for trading in these sessions will be expanded from the first four to the first 12 consecutive listed contract months.

(2) The sessions will be 5 minutes in duration.

(3) The trading range for these sessions will be expanded by adding the following ticks above (below) the daily high (low) for the applicable contract month (provided that this expanded trading range does not violate the maximum permissible price fluctuation limits then in effect):

Crude Oil 20 ticks Heating Oil 50 ticks Unleaded Gas 50 ticks Natural Gas 50 ticks

If you have any questions concerning these changes, please contact George Henderson, Vice President, NYMEX Floor Department, at (212) 299-2071; Rob Stasi, Manager of Trading Floor Systems, NYMEX Floor Department, at (212) 299-2067, or Brian Regan, Senior Associate General Counsel, at (212) 299-2207.

AMENDMENTS TO NYMEX RULE 6.57("POST-CLOSE TRADING SESSION") AND NYMEX RULE 6.57A ("END OF WEEK TRADING SESSION")

(Asterisks indicate additions; brackets indicate deletions.)

Rule 6.57A. END OF WEEK TRADING SESSION

On the last trading day of the calendar week, and, in any week when an Exchange holiday falls on a Tuesday, Wednesday or Thursday on the trading day preceding such midweek Exchange holiday, there shall be no post-close trading session provided on the trading floor pursuant to Rule 6.57. Instead, on such dates, an end of week trading session (the "End of Week Session") shall commence on the trading floor pursuant to this rule and subsequent to the close. Except as otherwise provided by the President or the President's designee for a particular trade date, such End of Week Session shall commence twenty (20) minutes after the close of trading in all futures contracts and shall continue for a period of [ten (10)] * five (5) * minutes in all energy and metals futures contracts, subject to the following conditions:

(A) Trading during the End of Week Session shall be limited to the first [four] * twelve * listed delivery months;

(B) Trades occurring during the End of Week Session for a particular contract month of a futures contract shall be executed openly and competitively at a price within the daily trading range of the applicable contract month for that futures contract * and as further expanded above the daily high and below the daily low only for the contracts listed below provided however that no such expanded trading range may exceed the price fluctuation limits in effect for the applicable contract as of the end of the RTH session:

Contract Additional Ticks

Crude Oil 20 ticks Natural Gas 50 ticks Unleaded Gasoline 50 ticks Heating Oil 50 ticks *

(C) During the End of Week Session, Floor Members, Floor Brokers and their customers may participate in the same manner as trading occurring during the regular RTH session, except that any order submitted during the RTH session, including but not limited to resting orders such as stop orders, limit orders and good until cancelled (GTC) orders, will be deemed to have expired as of the end of RTH for purposes of this End of Week Session. Accordingly, in the event that a market participant with such an expired order seeks to participate in the End of Week Session, a new order must be submitted.

(D) Prices for trades executed during the End of Week Session shall be reported on public ticker services;

(E) Current market prices and trades executed during the End of Week Session shall not be considered in determining any settlement price; and

(F) Floor Members executing trades during the End of Week Session shall mark a line across their trading cards prior to the entry of an End of Week Session trade.
